

This book is part of the Inuutsiarniq Reading Series, developed by the Department of Health in Nunavut. The Inuutsiarniq Reading Series is a unique, Nunavut-developed literacy initiative that infuses Northern values of healthy living and self-care into a culturally appropriate reading program.

The Inuutsiarniq Reading Series was developed to support the reading level guidelines outlined in the Department of Education's Inuktut guided reading program, Uqalimaariuqsaniq. Uqalimaariuqsaniq is a sequential and progressive Inuktut reading program that supports students in their development from emergent to fluent readers.

Teaching children the correct names for body parts is one of the best ways to keep them safe and healthy, and helps them communicate clearly with an adult if something is wrong. The Red Cross' "Be Safe!" program is an additional resource to teach children about personal safety, and is available in all schools in Nunavut.
