

# Inuit Havaktut

This book is part of the Initka Reading Series, developed by the Department of Family Services in Nunavut. The Initka Reading Series is a unique, Nunavut-developed literacy initiative that infuses awareness of skills, interests, and careers into a culturally appropriate reading program.

The Initka Reading Series was developed to support the reading level guidelines outlined in Taiguajukhijjutit, the Department of Education's guided reading program. Taiguajukhijjutit is a sequential and progressive Inuinnaqtun reading program that supports students in their development as readers.

The Initka Reading Series will inform readers about jobs available in their community. It will also provide opportunities for readers to consider their own interests and skills when thinking about future work. Awareness of career possibilities at a young age will better prepare children to understand the opportunities that are open to them and the importance of staying in school.

These books represent the Department of Family Services' investment in the early development of our future workforce.
